

OPERA America
MULTIHYPHENATE ARTIST
DIRECTORY

Winter 2026 Edition

About the Multihyphenate Artist Directory

OPERA America invites its individual artist members to contribute to the Multihyphenate Artist Directory. The Directory is a place for artist members to showcase parallel or correlating career skills to anyone looking to hire within those areas.

These skills may be artistic in nature or related to opera and music (e.g. teaching, arranging, translation, etc.), but may be in any area (graphic design, digital marketing, paralegal services, etc.). The Directory is also meant to be a resource for companies and individuals who are interested in hiring artists for projects or professional roles in these areas.

The directory is organized by geography, beginning with international listings, followed by U.S. listings sorted by state, and then alphabetized by last name.

Each artist listing in the Directory includes a brief bio/description, contact information, and a list of up to ten correlating skills.

Listings appear as submitted without editing by OPERA America.

The Multihyphenate Artist Directory is produced once a year in winter. If you are interested in submitting an entry in the next Multihyphenate Artist Directory, join as an individual member at operaamerica.org/Join and contact us at Membership@operaamerica.org.
